

Below 2°C

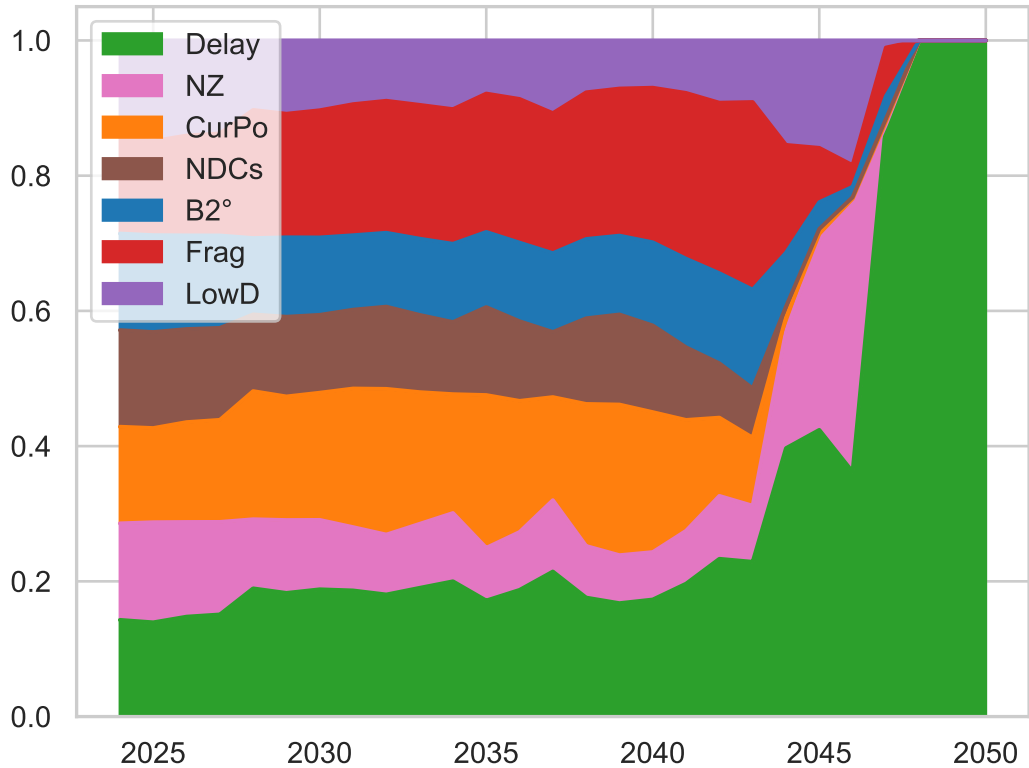

The chart displays the projected number of countries in various categories from 2025 to 2050. The categories are stacked from bottom to top: Frag (red), B2° (blue), NDCs (brown), CurPo (orange), Delay (green), NZ (pink), and LowD (purple). The total number of countries increases over time, with a significant rise in the CurPo and Delay categories starting around 2040. The Frag category remains relatively stable, while the B2° category shows a slight decline towards the end of the period.

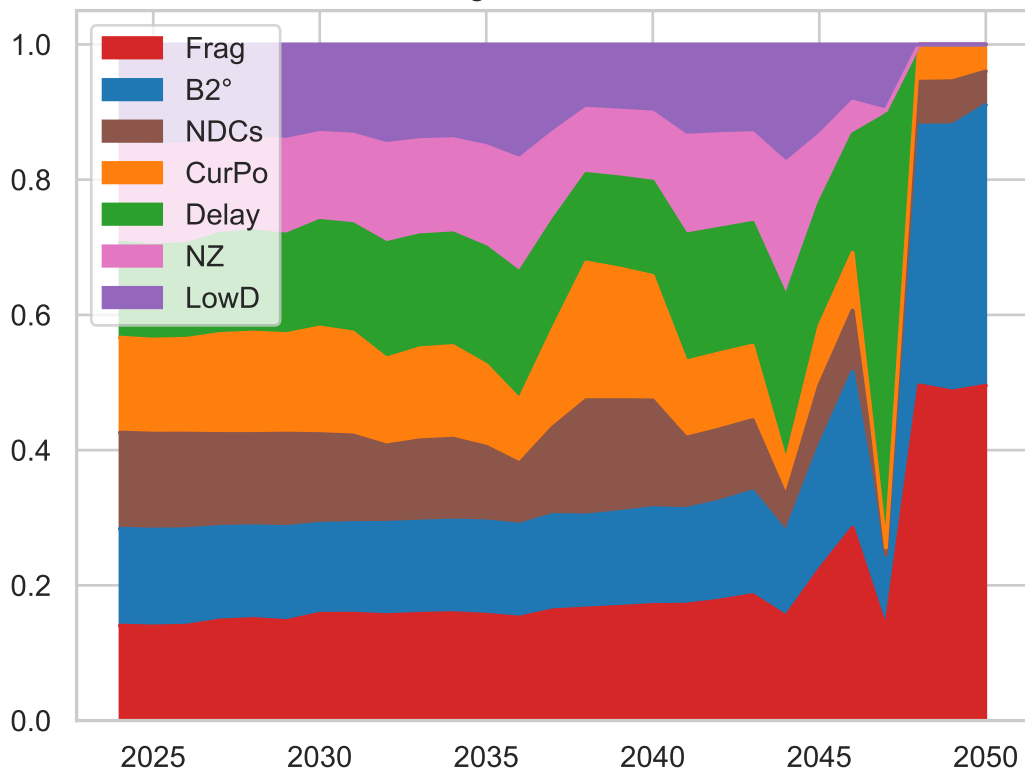

Year	Frag	B2°	NDCs	CurPo	Delay	NZ	LowD
2025	10	15	15	15	10	10	10
2030	10	15	15	15	10	10	10
2035	10	15	15	15	10	10	10
2040	10	15	15	15	10	10	10
2045	10	15	15	15	10	10	10
2050	10	15	15	15	10	10	10
